## About Us

DoorMatter a leading brand in hardware segment

DoorMatter is the leading player in Architectural Hardware Industry and most popular brand in security segment. With striking global presence & recognition, DoorMatter constantly strives to provide innovative solutions for architects, builders, specifiers and home owners.

DoorMatter is committed to bring best quality products with technological edge and superior aesthetics to its customers worldwide for a safer world.

## Quality

DoorMatter products stand for high quality. Once assembled, our fittings function perfectly day in, day out. High quality products and process confirm our sense of value, our self- confidence and our image. The way to our quality goal is for each one of us to cultivate an intense quality awareness.

## Innovation

The right balance of continuity and innovation generates trust in the DoorMatter brand. We offer timely, high-value solutions for today's furniture at the same time, we identify and shape the trends of tomorrow. We review and improve existing solutions ready for the future. Driving innovation is our capacity for looking at things from new angles.

## Closeness to customers

For us closeness to customers implies sharpened awareness, attention to detail, a complex challenges, and efficiency in production and logistics. We know our customers. We're there when our customers need us! The keynote of our partnership with our customers is direct, person-to-person communication.

## Reliability

Quality, innovation, closeness to customers - they're nothing without reliability! Reliability encompasses the durability of our products and the reliability of DoorMatter people - each and every one of us. The solid basis for reliability is robust and stable processes.
